Join the RNC 8 Defense Committee and an array of community organizations for six events coinciding with the trial of the final four RNC 8 defendants. The RNC 8 are Minneapolis activists who were charged with felony conspiracy for their role in organizing protests at the 2008 Republican National Convention in St. Paul. Events will begin with dinner and a brief update on the trial, followed by different content each week. Half of proceeds will go to the RNC 8 defense fund, and half will be donated to rotating political projects.
